## *The Gift of Love*

### **A Valentines Celebration!**

*The Gift of Love* (by Gloria Emmerich) is a musical that gets to the “heart” of relationships. It gently reminds us that love needs to motivate us as we interact with friends, family, neighbors, and co-workers each and every day. The musical is based on biblical principles as they relate to friendship and family. *The Gift of Love* is intended to help individuals, couples, and families grow in an understanding of how God wants us to interrelate as His children. Likewise, the musical is a reminder that He wants us to learn to share ourselves with others by both “giving and receiving” gifts of love and kindness from our fellow man...and from God. Good friendships are the bases of so much happiness in our lives. This musical is designed to help people help themselves by learning to accept the most precious gift of all – *The Gift of Love* (Jesus Christ)!

Jeff and Gloria Emmerich own and operate the Rocky Hock Playhouse in Washington, NC. All Rocky Hock musicals are written by Gloria and she and Jeff both perform in each production. Over 225,000 patrons have enjoyed performances at the theatre which is now located in Washington, NC.
